city Monday.

This warm weather is had on the-the-oh yes, the cut worms.

A. F. Blount has returned from a tarce months visit to Nicholas county.

Children's Day at the Christian Church. Sand Hill, came off one evening last week. Cash The program for the occasion was full and the meeting was a grand success.

The Committee on Program for Memorial Day at East Fork got up an extended one, but | -through Chenoweth's Sarsaparilla. the Committee on Music failed and the heat of the afternoon knocked out part of the

Thomas C. Wilson, Esq., the Assistant Receiver on the C. C. Sand Hill and M. Turnpike, was here Monday collecting the toll ducats. Wonder how long the proper officials are going to allow free pikes to lay dormant in the pigeon heles of the County Courts?

The three months private school he by U. C. Thoroughman closed the 25th inst. with the patrons and pupils very well satisfied as to a second-class school. There were several of the profession present and made good speeches in favor of good schools. The day is coming-and it's not far off-that no teacher will be allowed to enter a schoolroom to teach unless he hol s a first-class certificate and the executive ability to govern proper and make good advancement.

Joseph Latham, an old ex-soldier of Maysville, had his pension claim rejected last week for the third time. Joe is coming to see you again, Comrade Lochran, and continue to come, and he may not convince you he put down the Rebellion, but he was there all the same, subject to orders to aid in the matter and today he can't work like a well man to support his family and he wants you to exe cute the law and give him a small pension, as it is not worth while to ask or expect anything but insignificant things from the present Administration.

Wonder how many axes a man has to grind who would go to a school election after sev eral votes were polled and put his own name on the poll book and start out electioneering for votes? Wonder for whose benefit he is working when the weather is so hot? It cannot be for good schools, for the writer was on that side and always has been, and when he shall have no children to school he will have feelings for others who should have or desire an education. Think about the matter, you who are voting for a revenue, the teacher and Trustees forming a conspiracy to violate the law; the one a trainer for citizenship, the other its guardian.

The Trustee often remarks, "Oh, most any body can teach our school!" You weakminded ass, and just so long as anybody-or

nobody-teaches it, and body can teach it. ANOTHER CIRCUS CAR.

Third Advertising Car of the Great Wallace Shows Comes and Goes.

And still they come. It would seem that the great Wallace Shows are truly a wonder if dependence is to be put in the indications of the advanced brigades. A third car came June 4th and billed this town as it was never done before. Confidence in the promises of this show was established with all who saw the first car, which cost \$10,000, and is a veritable work of art. Then came the second, which was a moving palace and seemed to fill every place available with circus literature. facts in as few words as possible. We want But the third has come and literally "painted the town red." This car, a handsome one, is itself a flaming red, and all the advertising matter it carries is of the same hue.

Mr. G. A. Flinn is manager of this car. He is a versatile gentleman and up in every phase of advance advertising. He has a corps of eighteen assistants and they certainly understand their business, for the flaming red is now on everything, big or little, movable or immovable, to which it can be pasted, nailed, tacked, sewed, screwed, tied or any other old way, on ice wagons, drays, awnings, boxes, fences, wall, telegraph poles, etc. This show's advertising bill is said to be about \$1,000 a day. This does not seem to be an exaggeration when it is remembered that thie cars, with a crew of twenty men each, are kept in the van, not to mention agents who arrange the work for these bill posters and the inspectors who follow and check up their

## THE MAYSVILLE REPUBLICAN

WEEKLY PUBLIC LEDGER.

# Did U?

Did you ever think that relatives or friends who have moved to distant places-gone West, perhaps, to grow up with the country-are always glad to hear from their "Old Kentucky Home?" And did it ever occur to you that a single copy of The Maysville Republicanthe weekly edition of The Public Ledger-contains more home news than you could embrace in a hundred ordinary letters? And did it ever strike you that you can send the paper to your relatives and friends for a whole year at less cost than you can write a letter every week? Besides, don't you think a year's subscription to THE REPUBLICAN would be a present highly appreciated by those at a distance? Suppose you try it and hear what they have to say on the subject.
